PROFIL

I am a graduate of SDA, where I gained a strong foundation in programming and skills in Python and other essential tools in the IT industry. Currently, I am furthering my education through the MegaK course, where I am learning topics like JavaScript, Node.js, React, Angular, and React Native, with a focus on fullstack development. My passion for technology and determination to constantly improve my skills drive me to pursue growth in fullstack development. I am seeking opportunities to apply and enhance these skills in a dynamic project environment, where I can contribute value and collaborate as part of a team in delivering innovative projects.

SKILLS

English B2

Teamwork

Huge motivation

Hunger for gathering knowledge and self-development
